ABSTRACT

Designed to assist Arizona community college and university representatives from specific academic disciplines in their discussions of articulation of degree programs, curricula, transfer of students, and other related topics, this handbook provides information on how to implement statewide postsecondary articulation. Following introductory material on the state's Improving the Articulation-Transfer Function between Two- and Four-Year Institutions Project, the handbook describes an articulation task force (ATF), how to establish one, its functions, and its activities. This section indicates that an ATF facilitates the transfer of credits from the community colleges to the universities, develops methods to communicate accurate information to students, reviews and updates the content of the "Arizona Higher Education Course Equivalency Guide," and establishes a communication process regarding program changes. The handbook goes on to describe the responsibilities of the community college ATF member, the university ATF member, the ATF chairperson, the ATF host, the Host Course Equivalency Guide (CEG) Coordinator, and the CEG Editor. Next, the process for updating the CEG is diagrammed. Appendices include information on the Academic Program Articulation Steering Committee; samples of information on ATF meetings and reports; CEG materials; a sample university curriculum check sheet for majors, Arizona community college districts and public universities, and ATF information. INTRODUCTION

On February 4, 1983, the Joint Conference Committee of the Arizona State Board of Regents and the Arizona State Board of Directors for Community Colleges established the Academic Program Articulation Steering Committee (APASC). The APASC was charged with planning and convening meetings of representatives from specific academic disciplines at the public universities and community colleges to discuss articulation of degree programs, curriculum, transfer of students, and other related topics (see pages 22-25 for APASC Members, Goals, and Organizational Relationships).

This handbook is designed to provide basic information on how to implement statewide postsecondary articulation. In addition, the chairperson's and members' responsibilities before, during, and after the Articulation Task Force meetings are outlined.

WHAT IS ARTICULATION?

Articulation is "the process of developing ongoing communication and agreements between and among Arizona two- and four-year public postsecondary institutions." The articulation **process** is intended to ensure problem-free transfer from one institution to another.

Why Is Articulation Important?

Articulation is important so that students who transfer among these Arizona institutions do not experience problems such as loss of credits within their programs of study. In addition, articulation assists faculty and administrators among institutions to establish and to maintain communications and better working relationships which benefit students.

What Is the Goal Of Articulation?

The goal of articulation is to serve students who transfer among Arizona two- and four-year public postsecondary institutions by:

- o Resolving transfer problems
- o Keeping communication channels open among faculty and administrators
- o Providing accurate information on a timely basis to assist students in planning for transfer

WHAT IS AN ARTICULATION TASK FORCE (ATF)?

An Articulation Task Force (ATF) consists of faculty members who represent their institution and their discipline. The ATF provides community colleges and public universities **with** a forum to cooperatively exchange articulation information on a timely basis. The issues discussed and the decisions and recommendations made by the ATF will directly influence student transfer.

How Is an ATF Established?

1. The Academic Program Articulation Steering Committee (APASC) establishes an ATF or it delegates articulation responsibilities to an existing group.
2. The chief academic officer of each community college and university may appoint at least one ATF member. When an institution has only one member for an ATF, that person automatically becomes the lead member. If more than one member is appointed from a community college district or a university, the chief academic officer will identify one person as the lead member.
3. The chief academic officer also submits a list of course prefixes and bachelor's degrees related to the ATF.
4. The APASC schedules the first meeting for a new ATF and coordinates the inclusion of articulation issues into meetings of existing groups.
5. The APASC selects an APASC facilitator who coordinates activities and works with the ATFs.

What Is an Articulation Task Force (ATF) (cont'd.)

How Does an ATF Work?

1. The APASC facilitator identifies a chairperson for a new ATF. Once an ATF is established, members determine the chairperson. Responsibilities are outlined on pages 14 and 15.
2. The APASC facilitator identifies a host for the initial ATF meeting. Thereafter, the members determine who will host. Responsibilities are outlined on page 16.
3. The APASC recommends articulation items for the agenda. ATF members determine other agenda items as well as the format, time, and location of subsequent meetings. ATFs may meet bi-annually, annually, or semi-annually.
4. The host Course Equivalency Guide (CEG) coordinator serves as a resource person for the ATF. Specific responsibilities of CEG coordinators are listed on pages 17-19.
5. The responsibilities of the CEG Editor are outlined on page 20.

What Are the Outcomes of ATF Meetings?

1. Update for the 1987-88 Course Equivalency Guide
2. Exchange of University Curriculum Check Sheets for Majors
3. Recommendations for and/or resolution of transfer issues
4. Summary of recommendations and decisions related to articulation
5. Summary of unresolved issues
6. Agenda items or plans for next meeting

WHAT ARE THE OFFICIAL ACTIVITIES OF THE ATF?

1. Facilitates the transfer of credits among the community colleges and the universities.
 - a. **Discusses and** makes recommendations and/or resolves issues involved with accepting transfer credits to meet program requirements.
 - b. Provides a mechanism for anticipating and/or resolving transfer issues.
2. Develops methods to communicate accurate information to community college students regarding degree program requirements of the universities and the transferability of community college courses to those programs,

e.g., exchange University Curriculum Check Sheets for Majors
(see page 38 for a sample).
3. Reviews and recommends changes for the 1987-88 Course Equivalency Guide (see page 34 for a sample printout).

Evaluates the content of specific courses in order to facilitate transfer among institutions.
4. Establishes a communication process for programmatic changes as they are under development.
 - a. Identifies the impact of proposed programmatic changes under development at the community colleges or universities which may affect the transferability of credits.
 - b. Identifies the impact on transfer students of recently approved community college and university course and/or program additions, modifications, and deletions.
5. Gives consideration to the possibility of common course content, prefixes, numbers, and titles.
6. Reports to the APASC and appropriate institution administrators (see page 30 for a sample format).
 - a. Summarizes recommendations and decisions related to articulation.
 - b. Summarizes any unresolved issues.

COMMUNITY COLLEGE ATF MEMBER

What Are the Responsibilities?

All Members

NOTE: The lead member is responsible for **completing** the tasks outlined on pages 8, 9, and 10. The lead member **should work** with other ATF members from his/her community college **district**.

Before the Meeting

1. Review materials provided by the ATF chairperson.
2. Consult with colleagues concerning articulation issues or other agenda items for the ATF meeting.
3. Communicate concerns and issues with ATF members from other institutions so that articulation activities may be efficiently handled during the meeting.
4. Contact your ATF chairperson to add agenda items.
5. Come to the ATF meeting prepared to discuss university course evaluations and the University Curriculum Check Sheets for Majors.
6. Come to the ATF meeting prepared to discuss course or program changes, additions, or deletions that have been proposed or approved since the last ATF meeting.
7. Discuss with your chief academic officer about volunteering to chair or host the next ATF meeting (see pages 31 and 32).

Community College--All Members (cont'd.)

During the Meeting

1. Discuss **agenda items**.
2. Ask university ATF **members any** questions you **have** about the University Curriculum Check Sheets for Majors.
3. Answer **questions about course or program changes, additions, or deletions** that **have** been proposed or approved at your **institution**.

After the Meeting

The dissemination **of the ATF** summary is the responsibility of the ATF chairperson. The distribution of recommended CEG changes is the responsibility of the host CEG coordinator.

However, as a representative of your institution, you are responsible for making sure that your colleagues and other community college personnel concerned with articulation have the most current information. Examples include:

CEG coordinator (see page 33)
Chief academic officer (see pages 31 and 32)
Admissions director/dean
Department/Division chairperson
Counselors and/or program advisors

Lead Member

Before the Meeting

1. Review the Course Equivalency Guide at least 30 days prior to the ATF meeting. Look at your institution's course prefixes assigned to the ATF (see Appendix G).
 - a. Get a copy of the current printout of the Course Equivalency Guide (CEG) for course prefixes assigned to the ATF (see page 34 for a sample printout). The printout, which is updated throughout the year, can be obtained from your CEG coordinator (see page 33 for his/her name).

Community College--Lead Member (cont'd.)

Before the Meeting (cont'd.)

b. Review the universities' evaluations of the courses listed on the CEG printout by doing the following:

1. Get a copy of your institution's catalog, together with any course updates made since it was printed, and the three state universities' 1985-87 catalogs. Contact each university lead ATF member. Request a copy of the section from the proposed 1987-89 university catalog that contains the university prefixes assigned to your ATF (see Appendix G). See your department chairperson or chief **academic officer** for additional information.
2. Compare each course description to the universities' 1987-89 course descriptions (refer to page 35 for abbreviations used in the CEG).
3. Write the recommended changes for course equivalencies next to the present evaluation. **CHANGES MUST BE LEGIBLE.**

E.g., A university has evaluated a community college course as DEC (prefix), E., or N. T. However, based on the comparison of course descriptions, a university course appears to be equivalent. You would write the course prefix, number, and credits of the equivalent course on the CEG printout as a recommended change.

Community College--Lead Member (cont'd.)

Before the Meeting (cont'd.)

- c. Send the following to each university ATF **lead member** and ATF members in your District 30 days prior to the meeting:
 1. a cover letter (see page 37 for a sample),
 2. the CEG printout (with recommended changes, if **any**), **and**
 3. a copy of the current course descriptions for the **community college** courses listed on the CEG printout.

NOTE: Whether or not you recommend changes, send the printout and course descriptions to the university ATF lead member. He/she then can use the most current course information to review the evaluations of community college courses.

During the Meeting

1. Before the end of the meeting, each ATF lead member for a district shall:
 - a. Sign and date the CEG printout only if changes are recommended.
 - b. Obtain the signature and date of the university ATF member.
 - c. Give a copy of the signed printout to the host CEG coordinator.

After the Meeting

1. Follow up with your community college CEG coordinator to ensure that CEG changes recommended for each university are made.

UNIVERSITY ATF MEMBER

What Are the Responsibilities?

All Members

NOTE: The lead member is responsible for completing the tasks outlined on pages 12 and 13 . The lead member should work with other ATF members from his/her university.

Before the Meeting

1. Review materials provided by the ATF chairperson.
2. Consult with colleagues concerning articulation issues or other agenda items for the ATF meeting.
3. Communicate concerns and issues with ATF members from other institutions so that articulation activities may be efficiently handled during the meeting.
4. Contact your ATF chairperson to add agenda items.
5. Consider volunteering to chair or host the next ATF meeting.

During the Meeting

1. Discuss agenda items.
2. Answer any questions about University Curriculum Check Sheets for Majors.
3. Ask any questions about community college course and program changes, additions, or deletions.

University--All Members (cont'd.)

After the Meeting

The dissemination of the ATF summary is the responsibility of the ATF chairperson. The distribution of recommended CEG changes is the responsibility of the host CEG coordinator.

However, as a representative of your institution, you are responsible for making sure that your colleagues and other university personnel concerned with articulation have the most current information. Examples include:

CEG coordinator (see page 33)
Chief academic officer (see pages 31 and 32)
Department/Division chairperson
College dean
Counselors and/or program advisors

Lead Member

Before the Meeting

1. Send to all ATF members a copy of your current University Curriculum Check Sheets for Majors for the bachelor's degrees assigned to the ATF (see Appendix G). Check Sheets with written edits for 1987-89 are most informative. This should be done 30 days prior to the meeting.

If current Check Sheets are not available, send information on programmatic changes that have been made or are in the process of being changed since the last ATF meeting. Programmatic changes for 1987-89 are most informative.

2. Review the Course Equivalency Guide (CEG) printouts, cover letter, and course descriptions sent by the 11 community college districts by doing the following with the person at your institution who is authorized to make CEG changes (see page 39 for a list of the colleges):
 - a. Get a copy of the section from the proposed 1987-89 university catalog that contains the university prefixes assigned to your ATF (see Appendix G).
 - b. Check that course equivalencies in each community college printout reflect the courses listed in the proposed 1987-89 catalog. Do this by comparing university and community college course descriptions. You may encounter situations such as the following:

University--Lead Member (cont'd.)

Before the Meeting (cont'd.)

e.g., A community college has made a recommendation to change a university course equivalency based on the description in the 1985-87 university catalog. However, the university has changed the course in the 1987-89 catalog.

- c. Write the recommended changes for course equivalencies next to the present evaluation. **CHANGES MUST BE LEGIBLE.**

**UOFA - DEPENDING ON SUBJECT MATTER.			

- d. Send a copy of the CEG printout with recommended changes to the lead ATF member at each community college district and to other ATF members at your university prior to the meeting.

During the Meeting

1. Come to the ATF meeting prepared to discuss:
 - a. Course or program changes that have been proposed or approved since the last ATF meeting.
 - b. University Curriculum Check Sheets for Majors.
 - c. Recommended changes in course equivalencies.
 - d. Sign and date all community college printouts with recommended changes.

After the Meeting

1. Follow up with your university CEG coordinator to ensure that CEG changes recommended for each community college are made.

ATF CHAIRPERSON

What Are the Responsibilities?

NOTE: The APASC chair will send this handbook to all ATF members listed in Appendix G.

Before the Meeting

1. If you are hosting the ATF meeting, arrange for meeting location, map, refreshments, host or no-host meals, parking, etc. Otherwise, contact the ATF host 45 days prior to the meeting to make the arrangements (see page 16 and the last page of Appendix G).
2. Collect and develop agenda items. Then, send the ATF agenda, including the date, time, and location, to the following:
 - a. ATF members (see Appendix G),
 - b. host CEG coordinator, and
 - c. chief academic officers (see pages 31 and 32).

During the Meeting

1. Ensure that notes regarding recommendations, decisions, and unresolved issues are recorded.
2. Conduct the business on the agenda (see pages 27-29 for a sample agenda).
3. Ensure that University Curriculum Check Sheets for Majors have been reviewed and changes, if any, discussed.
4. Facilitate the discussion related to community college course and program changes, additions, or deletions since the last ATF meeting.
5. Facilitate discussion related to articulation issues.
6. Ensure that the host CEG coordinator has collected the community college CEG printouts with recommended changes.

ATF Chairperson (cont'd.)

After the Meeting

1. Prepare a summary of the ATF recommendations, decisions and unresolved issues (see page 30 for a sample.)
2. Send a copy of the ATF summary to the following:
 - a. ATF members (see Appendix G),
 - b. host CEG coordinator, and
 - c. chief academic officers (see pages 31 and 32).
3. Represent the ATF in any further discussions or meetings related to articulation.

ATF HOST

What Are the Responsibilities?

Before the Meeting

1. If you are not the chairperson, work with him/her in making the meeting arrangements.
2. Confirm the date and time for the ATF meeting.
3. Schedule a room for the ATF meeting, preferably one with tables.
4. Make arrangements for ATF members to park.
5. Provide maps indicating meeting room and parking locations.
6. Refreshments and/or lunch are optional. Make necessary arrangements.
7. Make arrangements for a secretary to take notes for the ATF meeting.

NOTE: Community college ATF hosts should contact their chief academic officer (see pages 31 and 32) if secretarial services are not available in their department.

8. Be sure to inform the CEG coordinator for your ATF about the meeting.
9. Provide name tags for ATF members at the meeting.

HOST CEG COORDINATOR

What Are the Responsibilities?

The host CEG coordinator is selected by the APASC facilitator in consultation with the CEG Steering Committee chair and has the responsibilities listed below:

Before the Meeting

1. Communicate with ATF chair.
2. Community college CEG coordinators should contact the CEG Editor three weeks before the ATF meeting. Request a copy of the most current CEG printout for all 11 community college districts for the prefixes assigned to the ATF (university CEG coordinators have current printouts).
3. Take printouts to the ATF meeting.

During the Meeting

1. Distribute printouts to lead community college ATF members.
2. As needed, provide information on the Course Equivalency Guide (CEG) process.
3. Collect from the community college lead ATF members the community college CEG printouts with recommended changes. The members involved with any recommended changes must sign and date the printouts.
SIGNATURES AND DATES MUST BE LEGIBLE.
4. Label the printouts:

"Tentative: Pending University Approval."
5. Write the ATF meeting date on the printouts.

After the Meeting

1. a. Recommended CEG Changes:

Immediately following the meeting, send copies of the CEG printouts, together with a memorandum, to the CEG Editor and the CEG coordinators for the community colleges and universities affected by the recommended changes (see page 33 for names) (see page 36 for a sample memorandum). Send a copy of the memorandum to the ATF chair and the ATF members affected by the changes.

b. No recommended CEG Changes:

Notify the CEG Editor and all CEG coordinators that no CEG changes were recommended.

2. When you receive the ATF summary, send copies to all CEG coordinators and the CEG Editor (see page 33 for names).

CEG COORDINATOR

What Are the Responsibilities?

After the Meeting

Following every ATF meeting, the host CEG coordinator will send to you community college CEG printouts with recommended changes (see page 36 for a sample memorandum).

University CEG Coordinator

Within 60 days following the meeting (date noted on printouts), the university CEG coordinator will do the following:

1. Obtain the approval or disapproval of recommended changes, signature and date from the university person authorized to approve CEG changes. This person may or may not be the same as the university ATF member. **SIGNATURES AND DATES MUST BE LEGIBLE.**
2. Cross out "Tentative: Pending University Approval."
3. Send copies of the CEG printouts to the CEG Editor and the CEG coordinators for the community colleges affected by the changes.

Community College CEG Coordinator

Within 45 days following the ATF meeting, the community college CEG coordinators will do the following:

1. Notify the appropriate university CEG coordinator if you have not received approval or disapproval of recommended CEG changes.

If no changes are recommended, you will receive a memorandum without printouts.

CEG EDITOR

What Are the Responsibilities?

Before the Meeting

1. Respond to the request of community college host CEG coordinators to provide a copy of the most current CEG printout for all 11 community college districts. Requests will be sent three weeks before the ATF meeting.

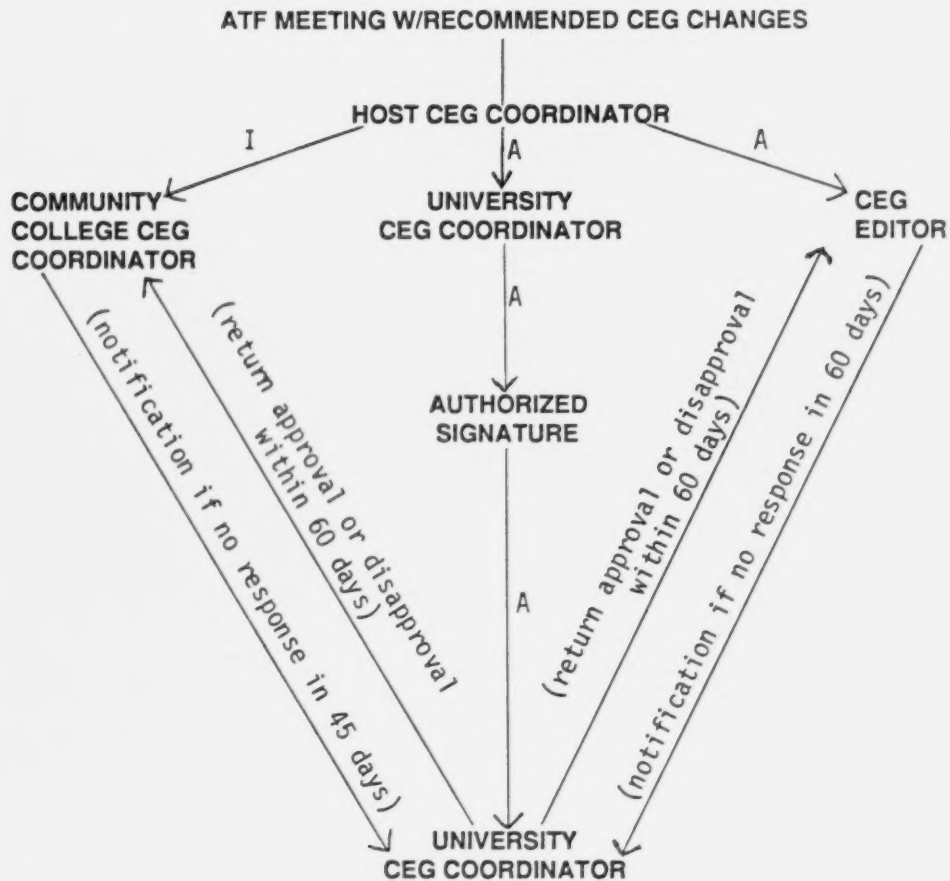

After the Meeting

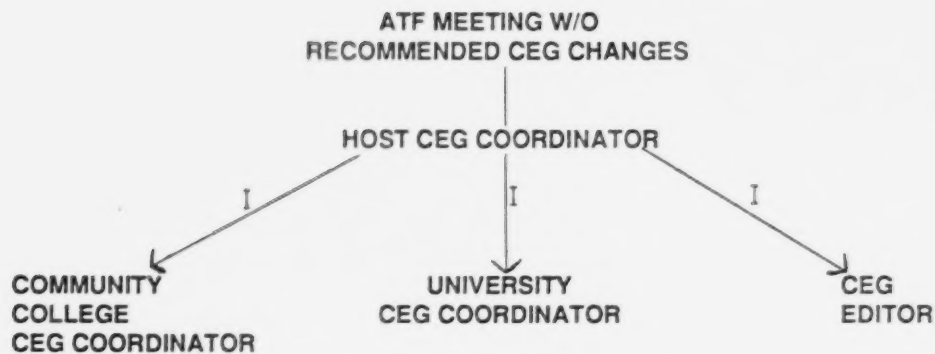

The host CEG coordinator will send community college printouts with recommended changes (see page 36 for a sample memorandum).

1. When you receive approval of the recommended changes from the university, make the changes in the CEG.
2. If you have not received approval or disapproval from the university CEG coordinator within 60 days after the meeting (date noted on printouts), notify the appropriate university CEG coordinator that the recommended changes need to be acted upon.

If no changes are recommended, you will receive a memorandum without printouts.

APPENDIX A
LONG-RANGE GOALS
OF ACADEMIC PROGRAM ARTICULATION STEERING COMMITTEE

The Academic Program Articulation Steering Committee (APASC) was established by the Joint Conference of the Arizona Board of Regents and the Arizona State Board of Directors for Community Colleges to promote articulation among Arizona's community colleges and state universities for the purpose of improving the student transfer process.

The goals of APASC include the following:

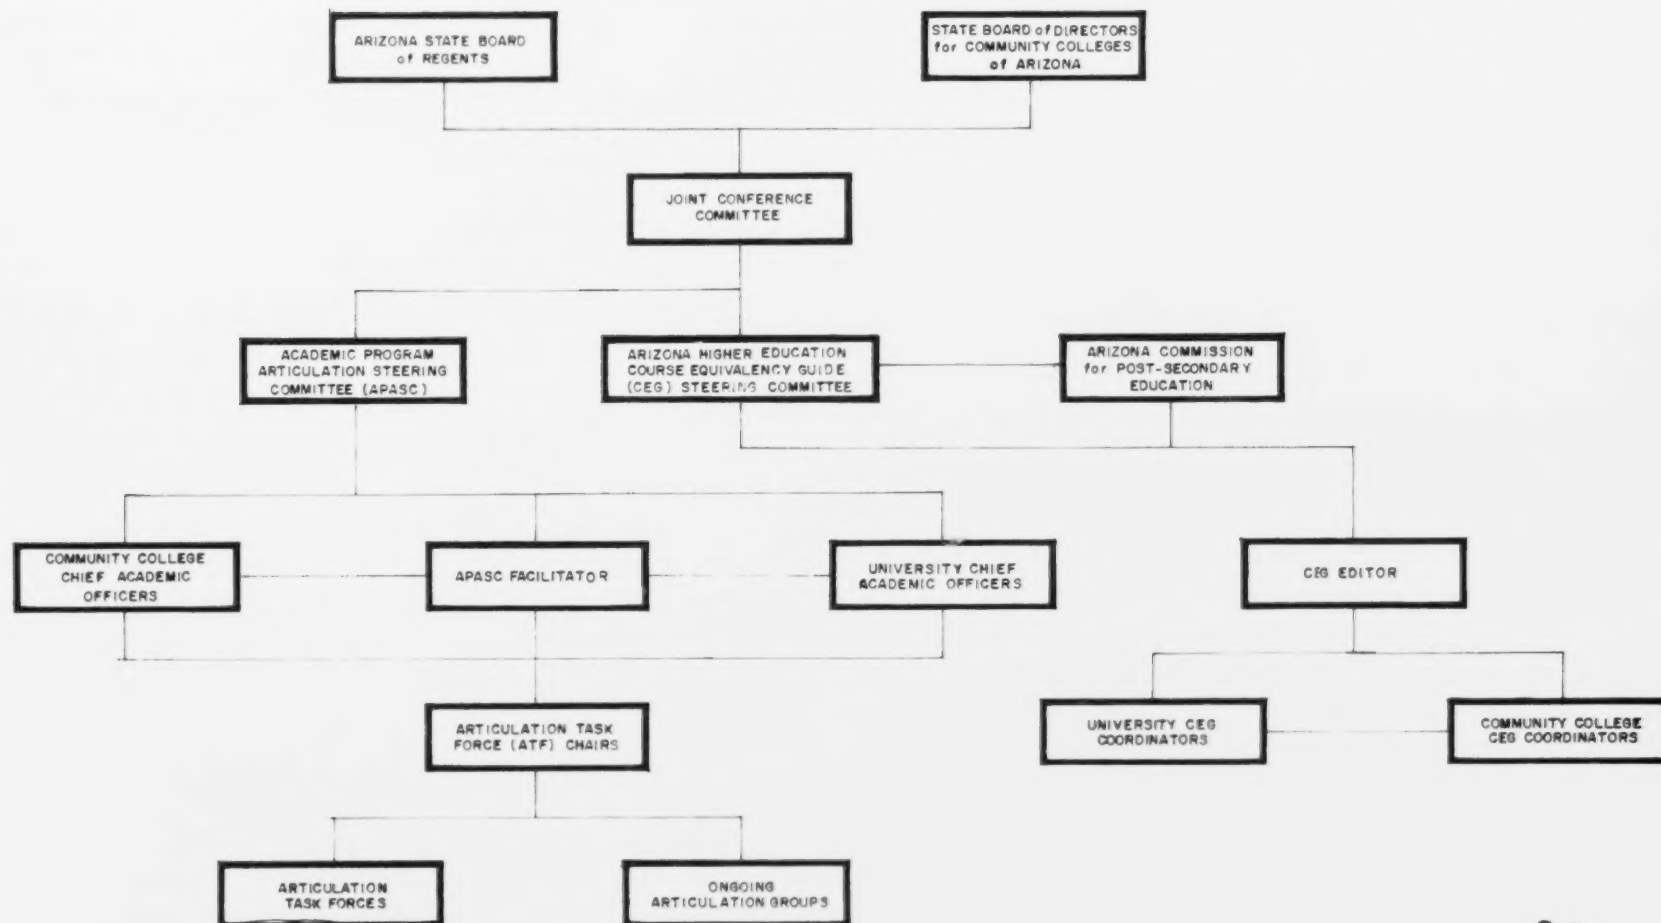

1. Establish Articulation Task Forces which will accomplish the following:
 - a. Exchange current information regarding requirements for academic degree program majors and course transferability and determine methods for conveying this information to students and faculty.
 - b. Plan for the exchange of information regarding proposed programmatic changes under consideration.
 - c. Encourage complete catalog descriptions for all academic degree program majors and courses.
 - d. Consider the possibility of common course content, prefixes, numbers, and titles.
 - e. Discuss, recommend, and, where appropriate, implement additional activities designed to promote articulation and cooperation.
 - f. Review and provide information to update the Course Equivalency Guide.
 - g. Provide a summary of meetings to the APASC and other appropriate community colleges and university administrators.
2. Develop methods of communicating the state university admission requirements to community college students and address issues that may arise as a result of the new requirements.
3. Encourage studies and programs which attempt to identify factors which contribute to and those which impede the successful transfer of community college students to state universities.

APPENDIX A--Long-Range Goals of the APASC (cont'd.)

4. Develop plans to utilize the information gathered under item 3 to increase the numbers of community college students, especially minority students, who complete a baccalaureate program and to resolve problems impeding the transfer process.
5. Encourage the development of Associate of Arts degree programs designed to meet the general education requirements of the universities or the Colleges of Arts and Sciences of the universities and encourage faculty discussion of the role and significance of general education within both two- and four-year degree programs.
6. Encourage the development of two-plus-two or similar programs between the universities and community colleges.
7. Review the credit by examination policies of the community colleges and universities to determine their effect on the transfer process.
8. Encourage the use of common assessment instruments for introductory courses in mathematics and English among and between institutions where large numbers of community college students transfer to the state universities.
9. Develop mechanisms for community colleges and universities to define their respective roles in the areas of basic skills.
10. Encourage the establishment of statewide computerized networks for purposes of information sharing in such areas as curriculum, financial aid, and student records.

SAMPLE ATF MEETING ANNOUNCEMENT

DATE:

TO: _____ Articulation Task Force (ATF) Members

FROM: _____, Chairperson

RE: _____ ATF Meeting

I am pleased to hear that you are willing to serve as a member of the 1986-87 _____ Articulation Task Force (ATF) for Arizona community colleges and universities. A meeting has been scheduled for _____, _____, 198__ at _____ .M. It will be held at _____, Arizona, and hosted by _____.

(Information on parking, refreshments, etc.)

Enclosed is a copy of the agenda for the meeting. You should have already received a copy of the 1986-87 Handbook for Articulation Task Forces from Dr. Jack B. Kinsinger, Vice President for Academic Affairs, Arizona State University.

In an effort to meet the ATF objectives listed in the handbook, each member has specific responsibilities before the meeting. Directions for carrying out these responsibilities are listed in detail on pages 7-13 of the handbook.

I am looking forward to a very productive meeting.

1. University admissions requirements for 1987 and impact on majors, if any
2. Special entrance requirements for university majors, e.g., auditions, portfolio review, special tests, GPAs
3. University General Studies Requirements for 1987 and impact on majors, if any
4. Course and programmatic requirements and proposed changes for majors and minors

(see page 38 of the ATF Handbook for a sample University Curriculum Check Sheet for Majors)

APPENDIX B--Sample ATF Agenda (cont'd.)

- C. Review and discuss community college course and programmatic changes
- D. Discuss how computers or computer-assisted instruction are integrated into your instruction
- E. Discuss communication among ATF members between meetings,
e.g., sharing with all ATF members a draft copy of the 1987-89 university catalog information for university ATF prefixes and degrees (listed in Appendix G of the ATF Handbook) at the same time the catalog goes to the printer, thus providing timely information
- F. Review university catalog eligibility policies

III. OLD BUSINESS

- A. Discuss course commonality (status at each institution if ATF has previously recommended commonality in course content, prefixes, numbers, and titles)

IV. ATF ORGANIZATION

- A. Organization Schedule: Fall 1986 through Spring 1989
 - 1. Select location(s) for each year
 - 2. Select tentative date(s) for each year
- B. Plans and agenda items for next meeting

APPENDIX B--Sample ATF Agenda (cont'd.)

V. REVIEW AND UPDATE THE COURSE EQUIVALENCY GUIDE FOR ALL COMMUNITY COLLEGES

1. The format for this activity is optional. However, some task forces have scheduled 10-minute individual community college meetings with university ATF members. They scheduled first those ATF members who had to travel the longest distance. A sample schedule follows:

Sample Schedule

Dr. John Doe
Department of English
Arizona State University
Tempe, AZ 85287

Dear John:

The Arizona State University course equivalencies for ENG - English, which are listed in the most current printout of the Maricopa County Community College District (MCCCD) Course Equivalency Guide (CEG), have been reviewed. The review was done by the 1986-87 MCCCD English Articulation Task Force members.

In fulfilling my responsibility as MCCCD lead member (see pages 8, 9, and 10 of the Handbook for Articulation Task Forces 1986-87), I have enclosed for your review a copy of the CEG printouts (ENG and ENH) (with recommended changes) or (with no recommended changes). In addition, I have enclosed a copy of the current course descriptions for the courses listed on the printout.

As university lead ATF member, you are responsible for reviewing the MCCCD course equivalencies. Your responsibilities are outlined on pages 12 and 13 of the handbook.

Please feel free to call me at _____ if you have any questions. My office hours are _____. I am looking forward to working with you on the English ATF.

Thank you.

Sincerely,

James Smith, Lead Member
MCCCD English ATF
